

Image and Voice Transfer Policy

During the celebration of the 28th International ICFMH Conference FOOD MICRO 2024, photographic sessions will be held and general images of the congress will be recorded in which your image could appear as an attending public. For this reason, we ask you to expressly and freely authorise the organisers of the 28th International ICFMH Conference FOOD MICRO 2024 to capture your image and voice as an attending public, solely for the purposes of information and dissemination of the congress.

We would be grateful if you could please indicate your agreement to the transfer of image exploitation rights for information purposes and non-profit dissemination of the 28th International ICFMH Conference FOOD MICRO 2024
